

PRODUCT UPDATE: Enhanced Accessories for the MC 25: *Optimize Your Automatic Stripping and Crimping Workflow*

More Flexibility. Less Effort.

The **MC 25 automatic stripping and crimping machine** is already a staple for precision and reliability. Now, we're making it even more versatile.

Our latest range of accessories has arrived, designed specifically to provide more flexibility in your daily operations and streamline your production process.

Featured Accessory: The New B-Reel Holder

Longer run times. Faster setups. Higher productivity.

The new B-reel holder is the ultimate efficiency upgrade for your shop floor. By allowing for the processing of larger-capacity reels, it minimizes the need for frequent reel changes and machine adjustments.

Key Benefits:

- **Maximize Uptime:** Process higher quantities in a single run.
- **Boost Shift Output:** Significantly reduce downtime and setup processes.
- **Cost-Effective Retrofitting:** There is no need to invest in new machinery. The B-reel holder is fully compatible with your existing MC 25 models.

Part Number: MC25-BCOIL
